

Nutracalm is definitely having an effect. He has been much more workable and less sharp. He is a typical Welsh D and usually melts down at everything that moves but he is approachable and much friendlier. Riding wise, he hasn't lost his spark but can be taken to a show and give his all without panicking so thumbs up from me!!

Margaret Cornwall

Would like to thank you, this the first time in 12 years we managed to get through firework season without an upset and ill dog after trying Nutracalm. Thank you very much Nutracalm made it so much easier.

nutracalm

Reduces stress & anxiety quickly

For dogs, cats & horses

Stress in pets can be a familiar occurrence for many owners with a number of reasons why it happens. Both cats and dogs alike can be prone to anxiety, which can make certain situations stressful for their owner too.

Nutracalm has been scientifically formulated to help stressed and fretful pets fast, without any sedative effect.

Fast acting

Nutracalm is a fast acting natural supplement with calming properties. It has been designed to promote a quick natural response once taken, with results often evident within one hour* of taking the capsule.

*This time is an average and based on dog

High strength formula

Nutracalm provides a novel and natural alternative for animal healthcare by providing a unique high strength formula for supporting behavioural management.

Highest quality ingredients

Nutracalm only contains the highest quality natural ingredients, it does not contain any animal derived ingredients.

Ethically sourced & 100% natural

Nutracalm is driven by our dedication to animal welfare and the sustainability of the environment. All raw materials are both ethical and sustainable. We only use natural ingredients packaged in environmentally friendly recycled materials.

Nutracalm has been specially formulated using a unique combination of natural ingredients. Its fast acting nature makes it the perfect product for many short-term stressful situations, however it has also been developed for safe long-term use.

The natural solution helps pets that are affected by stressful situations such as fireworks, loud noises, separation anxiety, travelling, vet visits and kennel stays.

Nutracalm includes:

GABA* - As an important neurotransmitter in the brain and is responsible for relaxing the nervous system. *GABA is only contained within Nutracalm for dog & cats

L-Theanine - An amino acid component of Green Tea and is involved in Dopamine neurotransmitter function. It has been shown to have a calming effect in dogs and cats.

L-Tryptophan - An natural amino acid found in many proteins which is involved in the production of the hormone Serotonin and has been shown to help reduce aggression and stress.

Passiflora Incarnata - Commonly known as passion flower this extract has long been known for its ability to relax and reduce tension. Biochemical studies show that natural flavonoids are a key active ingredient and that Passiflora supports the effectiveness of GABA brain receptors which promote relaxation.

Nutracalm benefits:

- ✓ Fast acting (1-2 hrs)
- ✓ Helps reduce stress
- ✓ Calms behaviour
- ✓ No sedative effect
- ✓ High strength
- ✓ Easy administration sprinkle capsules
